

Romà Cots Cole

Gaffer

I'm a Barcelona-based Gaffer working in high-end commercials, film and fashion. I got into lighting while studying Film Production in the UK, before moving to Barcelona in 2020, where I continued to build my experience on set.

I tend to get very involved in a job before the shoot. I like understanding where the challenges will be and arriving with a plan – not because I want everything to be rigid, but so there's room to adapt once we're actually on set. I care a lot about the people I work with, and I enjoy finding simple solutions when a job starts getting complicated.

I'm also very curious about lighting outside the usual commercial workflow, whether that's working with continuous light for still photography or experimenting with new lighting and control systems. I'm constantly learning and testing new tools, so I can keep expanding what I bring to each job.

DoP's I have worked with:

Hanke Brothers, Fredrik Hvass, Carles F. Galí, Enrique Villaluenga, Minjae Kim, Pontus Norberg, Jake Hunter, Joel Ges i Marien, Scott Peters, Theo Gottlieb, Sandra Formatger, Raul Tenreiro, Jesus Ponce, Jan Haase, Hiero Spitz, Aaron Dormer and more.
